

KI6202

K-loop organic cotton large tote bag

- Made from 100% certified organic cotton.
- K-loop collection: contributes to a circular economy.
- This product features Aware™ traceability technology.

100% organic cotton. Rectangular tote bag with large gusset. K-loop organic is the K-loop collection made from organic cotton. During the spinning process, tracers are added to the raw material, viscose and ceramic filaments that act like a unique fingerprint. The tracers reflect light in a unique way and therefore have a unique and unalterable code. All the information about the processes to which the yarn has been unambiguously subjected is stored in a blockchain. Thanks to Aware™ tracking technology and its blockchain platform, the end consumer can follow the entire production process. This guarantees that the product is genuinely made from organic cotton, without any possible alteration during the process. A special label with a QR code can be used to access the Aware™ platform and authenticate certifications directly.
