

KI6301

K-loop organic cotton toiletry pouch

- Made from 100% certified organic cotton.
- K-loop collection: contributes to a circular economy.
- This product features Aware™ traceability technology.

100% organic cotton. Toiletry bag with zip. K-loop organic is K-loop's organic cotton collection. During the spinning process, tracers are added to the raw material, viscose and ceramic tracer filaments that act like a unique fingerprint. The tracers reflect light in a unique way and therefore have a unique and unalterable code. All the information is stored in a blockchain. In this way, Aware™ tracking technology and its blockchain platform enable the end consumer to follow the entire production process. This guarantees that the product is genuinely made from organic cotton, without any possible alteration during the process. A special label with a QR code can be used to access the Aware™ platform and authenticate certifications directly.
